Understanding the Scoring Guidelines ■ 6.6

eXercise

You must be able to

- state what each section is scored on
- use the guidelines to strengthen real work
- avoid painting 'to a formula'
- self-assess against the criteria

Method — What is scored

The **Sustained Investigation** is scored on inquiry and practice/experimentation/revision; **Selected Works** on 2-D skills and synthesis.

Method — Use, don't fake

Know the **scoring guidelines** to *strengthen* honest work — not to fake evidence or paint to a formula.

Method — Self-assessment

Check your portfolio against the criteria and improve real weaknesses (e.g. add genuine experimentation).
