

Solutions

Each answer shows the steps, then the **result**.

2.1 B

- context research deepens and extends your own inquiry

2.2

- relating it to the time, culture, and artists around it; understanding how it connects to or differs from them

2.3

- to maintain academic integrity / give credit and avoid passing off their work

3.1

- Look for: a relevant influence named (1); two specific, useful observations (2)

3.2

- Look for: a clearly transformed use, not a copy (2); a citation noted (1)
