

Solutions

Each answer shows the steps, then the **result**.

2.1 B

- technique serving meaning (not just looks) = synthesis

2.2

- decoration adds surface appeal only; synthesis uses material/process because it embodies the idea

2.3

- choose a material/process that embodies the idea, not a random attractive one

3.1

- Look for: first version's technique is arbitrary (1); second version's technique clearly serves the idea (2)

3.2

- Look for: a specific, meaningful material/process-to-idea link (3)
