

Solutions

Each answer shows the steps, then the **result**.

2.1 B

- describe -> analyse -> interpret -> **judge**

2.2

- it points at no visible evidence and gives nothing to act on

2.3

- turn it upside down / use a mirror / photograph it small

3.1

- all four steps present and distinct; each points at visible evidence; a concrete judgement; a matching revision made

3.2

- one focused question, not 'is it good?'; the answer cites visible evidence
