

Solutions

Each answer shows the steps, then the **result**.

2.1

- unity: everything belongs to one claim; coherence: the parts are ordered and connected so the reader can follow

2.2

- write the paragraph's claim in one sentence; any sentence not serving it breaks unity

2.3

(a)

- unity

(b)

- coherence

3.1 A

- the unrelated sentence does not belong to the claim

3.2 B

- the reader cannot follow the connection

3.3

(a)

- coherence at the level of the whole text

(b)

- reorder the paragraphs by dependence and add transitions that state what each depends on
