3. Absolutism and Constitutionalism

Answers ·

AP European History

1. **what kind of authority it was**

   The answer is a **model**, not a quantity.

2. **other elites; the monarchy; Parliament**

   A two-sided account cannot explain the settlement's shape.

3. **guilds and chartered bodies**

   The sentence is about restrictions being **removed**.

4. **consumer; industrial; agricultural**

   The scientific revolution is unit 4.

5. **an oligarchy of urban gentry and rural landholders**

   It is a third model beside constitutional monarchy and absolutism.

6. **expanding colonial empires; dynastic interests; state interests**

   They do not always point the same way.

7. **their power and leave their status**

   That trade explains why so many nobles accepted it.

8. **constitutional monarchy; absolutism; oligarchic republic**

   Mass democracy is not a form available in this period.

9. **among states; between states and individuals**

   The second is the one students skip.

10. **gentry and aristocracy**

    Constitutionalism here is a defence of elite privilege against absolutism.
