

Solutions

Each answer shows the steps, then the **result**.

2.1

- influence in the West, domination in the East; the difference in words is the difference in the claim about the relationship

2.2

- central planning; extensive social welfare; specialised production among bloc members

2.3

(a)

- restriction of individual rights and freedoms; suppression of dissent; constraint of emigration

(b)

- oscillated

3.1 B

- COMECON was the economic body

3.2 B

- back and forth, over decades

3.3

(a)

- an economic body and a military pact on each side

(b)

- the relationships inside the institutions, since the shapes are the same and the CED's words for them are not
