

Solutions

Each answer shows the steps, then the **result**.

2.1

- drawing electoral district boundaries unfairly to give one party or group an advantage

2.2

- a disagreement over resources such as oil, gas, or water that cross or lie beneath the boundary

2.3

(a)

- allocational

(b)

- definitional

3.1 B

- unfair redrawing to favour a party is gerrymandering

3.2 B

- disagreement over the line's position = locational dispute

3.3

(a)

- operational dispute

(b)

- operational is about running/managing the border; allocational is about resources
