
Vocabulary Test 词汇测验

AP Statistics · Week 4

Topics 1–6 · Exploring One-Variable Data, Probability, Random Variables, and Probability Distributions, Sampling Distributions, Inference for Categorical Data: Proportions

Sections A and C are marked on exact spelling; Section B accepts any listed Chinese form.

Question	Answer	Marks
1	conditional probability	1
2	independent	1
3	random variable	1
4	mean (expected value)	1
5	binomial	1
6	geometric	1
7	sampling variability	1
8	parameter	1
9	sampling distribution	1
10	Central Limit Theorem	1
11	unbiased	1
12	inference	1
13	margin of error	1
14	confidence level	1
15	significance test	1
16	alternative hypothesis	1
17	test statistic	1
18	p-value	1
19	概率分布	1
20	统计量	1
21	标准误	1
22	置信区间	1
23	原假设	1
24	显著性水平	1
