Answers ·

AP United States History

1. **while**

   Neither half cancels the other.

2. **competition with European empires; economic opportunities; racial theories; the perception that the western frontier was "closed"**

   'Destined' echoes 5.2's Manifest Destiny, aimed overseas.

3. **effectively regulate the economy; generate moral reform; expand democracy**

   The third is why prohibition is a Progressive measure.

4. **noninvolvement in European affairs**

   3.10's Farewell Address is the tradition meant.

5. **better communications systems; greater personal mobility; improved standards of living**

   The second and third are new in kind.

6. **internal migrants; women; international migrants**

   Women first in the CED's list.

7. **radical, union and populist movements pushing for more; conservatives in Congress and the Supreme Court limiting scope**

   The CED puts Roosevelt between two pressures.

8. **unilaterally, even while maintaining isolationism**

   Acting abroad without binding itself to institutions.

9. **dating when the evidence arrived**

   It separates belief at the time from later confirmation.

10. **rank against a stated criterion**

    Exactly as in 5.12.
