AP World History: Modern

1. **Ottoman; Russian; Qing**

   Britain is a maritime empire, and it gives way later, in unit 8.

2. **territorial and regional conflicts; imperialist expansion and competition for resources; a flawed alliance system**

   Intense nationalism completes the four; the Depression is a cause of the **second** war.

3. **political propaganda; art; media**

   Intensified forms of nationalism complete the CED's list.

4. **governments with strong popular support in Brazil and Mexico; the New Deal; the fascist corporatist economy**

   Soviet Five Year Plans complete the set; the CED's theme is a **more active** role.

5. **predominantly maintained control**

   The great wave of decolonisation comes after 1945, in unit 8.

6. **the global economic crisis from the Great Depression; continued imperialist aspirations; the unsustainable peace settlement after World War I**

   The rise of fascist and totalitarian regimes completes the four; the alliance system is a WWI cause.

7. **former**

   Which is a small change that records a large one.

8. **the rise of extremist groups in power**

   An ideology becomes an atrocity when it acquires a state.

9. **whether 1914 and 1939 are one chain or two events**

   The causes change weight depending on the frame.

10. **a combination of internal and external factors**

    No single cause explains any of the three.
