

Solutions

Each answer shows the steps, then the **result**.

2.1

- the Classical world; the Islamic world; the Asian world

2.2

- new tools — a tool; ship design innovations — a vessel; wind and current knowledge — a body of knowledge

2.3

(a)

- that the knowledge came from outside Europe and was built on there

(b)

- unit 2's networks carried the knowledge unit 4's voyages used

3.1 B

- the CED's own phrase

3.2 A

- wind and current patterns

3.3

(a)

- that they rested on knowledge accumulated across Afro-Eurasia

(b)

- the enabling knowledge was Classical, Islamic and Asian, so the voyages are an outcome of connection rather than of one region alone
