    ☐ True ☐ False

## 6. GAC015 Academic English III: Reading & Writing Skills

**Answers** ·

GAC Academic English

1. **1**

   $7 - 6 = 1$ point on a ten-point scale.

2. **4**

   $10 - 6 = 4$, with fifty appointments in each period.

3. **6**

   Six of forty bookings were unused; four is the separate conflict count.

4. **75**

   $30 \div 40 \times 100 = 75\%$, specifically of respondents.

5. **Summary, evaluation and intended use**

   The annotation explains the source's contribution and suitability, not merely its title.

6. **Under what conditions should this fictional campus trial a shared equipment service?**

   The bounded question identifies a setting, decision and conditions.

7. **The workshop caused the score difference**

   The latter two are given facts; the causal role is assumed rather than isolated.

8. **True**

   True. It records attendance, so it cannot show whether treatment outcomes improved.

9. **The reasoning connecting evidence to a conclusion**

   The warrant explains why the evidence supports the proposed conclusion.

10. **True**

    True. Their overlap is not given, so you cannot assume they are different people or the same people.
