1. 都

都 emphasises the point already reached: it is already twelve.

2. 总

总 works like 总是 in this habit use.

3. 差点没

差点没 describes nearly failing to catch the bus; the following clause makes success explicit.

4. 尽量

尽量 expresses an effort toward early arrival.

5. 尽管

Here 尽管 encourages asking freely.

6. No meeting since graduation in the reported interval

没见过 reports the past interval; it does not prove all future outcomes.

7. 她提醒了三次。

三次 states the count; 再三 does not give an exact number.

8. Returning the book

The visit supplies the stated main purpose.

9. Obtained the ticket after difficulty

The construction supports the idiomatic hard-won reading.

10. 60 yuan

Subtract 20 from 80 to obtain 60.
