

## Solutions

---

**2.1** Establish the selected principle from the real source, explain how each version embodies or conflicts with it and compare audience relationship using actual trials. Authored points for identifying relevant evidence, explaining a supported inference and a material limit.

**3.1** Explain the specific conflict using the real source and performance evidence, distinguish effectiveness from faithful application and justify a revision or acknowledged departure. Do not invent a theory attribution to make the result fit. Actual solo work remains required. Authored points for a relevant judgement, reason tied to the case and justified qualification or method. Accept a supported alternative.
