   ☐ Reading 7

10. Within how many days of your full test must you sit a One Skill Retake?

    _____

1. **40**

   Listening has 4 parts with 10 questions each: 40 questions.

2. **IELTS Academic**

   Academic matches this explicit offer. A destination or degree title alone does not determine every accepted booking condition.

3. **250**

   Task 1 needs at least 150 words, Task 2 at least 250.

4. **Listening; Speaking**

   Listening and Speaking are identical. Reading uses different texts, and Writing Task 1 is a figure in Academic but a letter in General Training.

5. **Task 2**

   Task 2 is worth two thirds of the Writing mark, Task 1 one third. Give Task 2 its full 40 minutes.

6. **letter**

   General Training Task 1 is a letter of at least 150 words. Academic Task 1 describes a figure, also at least 150 words.

7. **True**

   It is an examiner interview; booked arrangements can include video-call Speaking. A typed response cannot establish spoken delivery.

8. **True**

   True. The two versions match in format, difficulty and scoring; UKVI adds extra identity and security procedures for visa purposes.

9. **Writing 5.5**

   A fictional course requires overall 6.5 with every skill at least 6. A student has Listening 7, Reading 7, Writing 5.5 and Speaking 6.5. Whatever the overall rounding, Writing misses that course's floor. The student needs a writing diagnosis, not just more reading because it feels comfortable. Check task fulfilment and language in a real draft, then plan targeted practice.

10. **60**

    60 days, and the full test must have been IELTS on computer at a centre that offers the service. You may retake one skill, once, per full test.
