

10 A student cut one stalk of celery from a celery plant.

They put the celery stalk into a beaker of blue dye.

The celery stalk was removed from the blue dye after two hours and was cut into sections.

What is shown by the blue circles in the cut sections of celery stalk?

- A** position of the cortex cells
- B** position of the palisade cells
- C** position of the phloem cells
- D** position of the xylem vessels
