Talula has been notified by her electricity supplier that costs of electricity will increase by 15% with effect from January 2026.

REQUIRED

- (b) Suggest **two** courses of action that Talula might take to ensure that her profit for the year is **not** affected. For **each** course of action, state what impact the course of action might have on Talula's business. An example has been provided in the table.

Suggested course of action	Impact on the business
<i>Increase service prices</i>	<i>Reduced number of customers</i>

[4]

Talula currently operates on a cash only basis. The hairdressers are required to calculate a customer's bill and to take payment. Talula banks the cash taken twice a week. Over the last year, Talula has received many requests from customers who would prefer to pay using a debit or credit card.

To allow debit and credit card payments, Talula would need to incur the following costs:

Digital cash register	\$550
Card payment machine (hired)	\$20 per month
Transaction charge	1.5% of the value of each transaction

REQUIRED

- (c) Advise Talula whether or not she should accept card payments. Justify your answer by providing **two** arguments for and **two** arguments against Talula accepting debit and credit card payments.
