

7 The development life cycle – Part 1 —Answers

Answers

Work through these after trying the questions yourself.

7.1 Analysis, design, coding (writing) and testing.

7.2 You work out what the program needs to do.

7.3 You check that the program works correctly.

7.4 A diamond.

7.5 A rounded box (a terminator).

7.6 A **diamond** is a *decision*; a **rounded box** is the *start/stop* (terminator); a **rectangle** is a *process* (a step that does something).
