Work through these after trying the questions yourself.

3.1 Spend it, save it, or pay tax.

3.2 Keeping money for the future instead of spending it now.

3.3 To the government.

3.4 Skills/qualifications, the danger or difficulty of the job, or demand for the job (any one).

3.5 A doctor needs more skills and qualifications, and there is high demand for doctors.

3.6 A surgeon needs **years of training** and rare **skills** (so few people can do it) and is in **high demand**, which pushes the wage up. A cashier's job needs **few skills** and many people can do it, so the wage is lower.
