

5 Population and development – Part 2 —Answers

Answers

Work through these after trying the questions yourself.

5.6 When there are more births than deaths.

5.7 The number of births (per 1000 people per year).

5.8 High income, good health, or more schooling (any one).

5.9 Lower income, poorer health, or less schooling (any one).

5.10 Developed.

5.11 With **births well above deaths**, the population is **growing fast**. The death rate may be falling because of **better healthcare, food, clean water and sanitation**, so people live longer.
