

25 Kai sorts parcels into two types, light and heavy.

Type of parcel	Mass (m kg)
Light	$0 < m \leq 2$
Heavy	$2 < m \leq 5$

The histogram shows some information about the number of parcels Kai sorts in one day.

(a) Find the number of light parcels.

..... [1]

(b) There are 102 heavy parcels.

Complete the histogram. [2]
